

Success Stories at Combe Pafford School

Chloe Cockram

Chloe started her Education at Watcombe Primary School from age 5 - 11 years before moving onto Westlands School from 11-16 years where she started studying her GCSE Courses. During her final academic year at Westlands Chloe started work experience at the NHS working with adults with learning disabilities. Chloe enjoyed her work placement there very much and it soon became clear that she had a talent for this work area.

Chloe joined Combe Pafford School from Westlands in year 12 and began a course that would, later in the year, enable her to take up an apprenticeship with the NHS. Chloe's week consisted of two days in school studying for, amongst other subjects, Level 1 Functional Skills in Maths and English, two days at her NHS placement and one day completing a customer service course.

Chloe's success at Combe Pafford has been extraordinary. She had passed her Functional Skills English at Level 1 by January and was taken on by the NHS as an apprentice in April. She has completed projects that have raised money for the Sixth Form including introducing a 'Happy Healthy Meal' for lunch during enterprise week. She's also successfully completed a coffee course with Costa as part of her customer service qualification.

Since being employed full time in April as an apprentice, Chloe has continued to excel. She's a very valuable member of the NHS team within which she works, she's earning a good wage and should, by the end of this year, have also passed her Level 1 Maths.

Chloe continues to visit us on Tuesdays for Maths tuition and will be coming away with us on our three cities InterRail trip in July.

School History – Chloe Cockram

Watcombe Primary School 5-11 years.

Westlands School 11-16 years.

Combe Pafford Sixth Form until Easter 16-17 years.
