

'Academy's Governors.....and appropriate committees must meet regularly enough to discharge their responsibilities...'

There are key responsibilities that are delegated by the Full Governing Body to the Pupil and Curriculum Committee to enable key decisions to be taken and to make recommendations back to the FGB.

The Pupil and Curriculum Committee will also act as the first committee for any issues requiring a Pupil Discipline Committee and convene as required.

Having reviewed these Committee responsibilities and using the information and experience we have gained since becoming an academy, it seems the following pattern of meetings remains appropriate to enable the Committee to carry out these duties and is efficient in terms of staff and Governor time.

Pupil and Curriculum Committee meetings to be in the first half of each term to enable reporting to the FGB which will meet in the second half of each term; therefore normally, there would be three meetings a year.

The Pupil and Curriculum Committee will also act as the Pupil Discipline Committee who have the following responsibilities:-

- To consider and to make decisions on the permanent exclusion of a pupil
- To consider and make decisions on the exclusion of a pupil for a fixed term of six days or more
- To follow the procedure that is recommended by Torbay Council

Membership of Committees: Head, Five Pupil and Curriculum Governors

Quorum : At least three Governors plus the Head or his representative

Meetings : One per term as a minimum

Chair : The Chair of the Committee shall be elected by the FGB at the last meeting of the summer term to begin office in September.
